STUDENTS LOVE RCIS!

Google review 4.9/5

TAIWAN - JOANNA

 My English has significantly improved.

During three months at RCIS, my English has significantly improved. Thinking back about the anxiety of not being able to answer a full sentence when I first arrived at my host family, 3 months after the big change is that I could chat with my host mother for an hour now. I was so happy that my English has improved, and I would like to thank the teachers who helped.

VIETNAM - BICH NGOC BUI

 I really enjoy the exciting learning atmosphere at this school where I can practice English day by day.

It is obvious that both Academic and Power Speaking classes bring the incremental English improvement to me. My teachers, Ms. Maggie and Ms. Olivia, are always patient and supportive while they explain new things to me. In addition, studying with many young students from various countries is a new and interesting experience for me. I just want to say "Time flies when I am a student here!"

MEXICO - ABRIL IRAIZ LOZANO RODRIGUEZ

 My experience at RCIS has been wonderful.

I am so glad to have found an educational program in English with highly qualified teachers with extensive experience teaching the language. The classes are interesting and fun that have allowed me to significantly improve my level of English.

All the RCIS staff are very friendly and are always willing to help you with any questions you may have.

I recommend everyone who wants to learn the English language to live the RCIS Toronto experience.

JAPAN - DAISUKE KOBAYASHI

 All staff and teachers are friendly and helpful.

I think RCIS is a great place to learn English. Teacher Barry teaches clear pronunciation, and always attractive programs such as using smartphone games! Teacher Olivia is always kind and answered all of my questions, also her feedback is helpful.

SOUTH KOREA - HANNA SERENA KIM

 I will definitely recommend this academy to other friends.

I'm a two-week-old freshman. Everything felt strange, but I feel so comfortable now because all the teachers always taught me kindly and passionately. The class program is very fun and it hasn't been long, but I'm really satisfied because I feel that my English has improved.
